

# Mrs. Darting's Class Reading Calendar Log 2009-2010

## Directions:

According to Jefferson County Literacy Standards, each 5<sup>th</sup> grade student needs to be reading at least 150 minutes a *week* at home. Students may choose to read for any combination of minutes per night to fulfill this requirement, as long as it equals 150 minutes at the end of each week. Please continue reading even during vacation time away from school.

To fulfill requirements, students may read a book, magazine, or news article of their choice, as long as it satisfies the time standards. Reading out loud with family members or reading silently, yet intently, are both fine. However, when using this time to read, all other distractions should be eliminated so the full benefits of this practice may be exercised.

Please follow the directions on each page as to when to turn in that month's calendar into the wicker basket in the classroom, how to fill out the calendar day by day, where parent initials and signatures go, and where to put the monthly minute totals. Please rip out *only* one month at a time to turn in when due. Keep the rest together as a calendar to be completed throughout the remainder of the year.
